DIRECTORS' REPORT

The directors, who are the charity's trustees, submit their report and the financial statements of The Church of Jesus Christ of Latter-Day Saints (Welfare) and subsidiary undertakings for the year ended 31 December 1997.

LEGAL AND ADMINISTRATIVE INFORMATION

The Church of Jesus Christ of Latter-Day Saints (Welfare) is a registered charity which has been incorporated as a private unlimited company.

ORIECTS AND PRINCIPAL ACTIVITIES

The objects of the charity are:-

- to promote and further the religious and other charitable work of The Church of Jesus Christ of Latter-Day Saints in the United Kingdom and elsewhere and
- to relieve members of the Church and other persons who are in conditions of need, hardship, sickness or distress.

To achieve the above the charity:-

- invests in farms which it rents out to its subsidiary companies (AgReserves Limited and Hallsworth (Farmland Trust) Limited) which then operates the farms on a commercial basis. Any profits earned from these operations are returned to the charity under covenant.
- acquires land and builds purpose built meeting houses, for a fellow subsidiary, in which members of the Church and the public can meet for religious worship and instruction.
- 3) purchases and sells Church curriculum materials, books, pictures, audio and video cassettes, microfilms and articles of clothing, approved by the Church of Jesus Christ of Latter-Day Saints and ancillary to the main purposes of the Church, to members of the Church and the public at large.
- 4) assists individuals suffering through hardship, sickness and distress as needed.

RESULTS

The surplus of the group for the year was £244,000 (1996 - £1,039,000) after receiving a donation of £1,086,000 (1996 - £951,000) from its parent company, The Corporation of the President of the Church of Jesus Christ of Latter-Day Saints.

The directors do not recommend the payment of a dividend, which leaves a surplus for the year of £244,000 to be transferred to reserves.

Assurances of continued financial support have been received from The Corporation of the President of the Church of Jesus Christ of Latter-Day Saints.

DIRECTORS' REPORT

REVIEW OF THE YEAR

During 1997 we experienced a substantial increase in the amount of assistance that was needed which we were able to satisfy from our existing resources. The rents from our farms provides a steady continuous stream of income to meet ongoing requirements and this was supplemented at the end of the year with the profits from the farms after a successful harvest. Although our farms are predominantly operated by employees we continue to receive invaluable support from volunteers.

Our construction activities for the Church continue at a high level because of the contract to build the Preston Temple and the other buildings on the adjoining land. This project is the largest ever undertaken by the charity for the Church.

The Distribution Centre and the retail outlet at the London Temple continue to provide members of the Church and the public with items that promote and assist a greater understanding of the Church's religious principles and beliefs.

At the end of 1997 a deposit was made to acquire additional farmland in Norfolk which was successfully completed in 1998. With the completion of the Preston Temple in 1998 we will open a further retail outlet adjacent to the Temple and expect a significant increase in our turnover as a consequence. Our construction activities will decline with the completion of the Preston Temple project although they will be at a higher level than prior to the construction of the Temple.

Plans for the trading activities to be moved to a sister company during 1999 will mean that this charity will ultimately concentrate on investing in and operating farms to provide welfare assistance for charitable purposes.

DIRECTORS' RESPONSIBILITIES IN THE PREPARATION OF FINANCIAL STATEMENTS

Company law requires directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the company for that period. In preparing those financial statements, directors are required to:

- a select suitable accounting policies and then apply them consistently:
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- d. prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the requirements of the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AUDITORS' REPORT TO THE MEMBERS OF THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS (WELFARE) & SUBSIDIARY UNDERTAKINGS

We have audited the financial statements on pages 7 to 26 which have been prepared under the historical cost convention.

Respective responsibilities of directors and auditors

As described on page 5, the company's directors, who also act as the trustees for the charitable activities of the Church of Jesus Christ of Latter-Day Saimts (Welfare), are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently amplied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the charitable company and its subsidiaries at 31 December 1997 and of its incoming resources and application of resources, including its income and expenditure, in the year then ended and have been properly prepared in accordance with the Companies Act 1985.

ACCOUNTING POLICIES

BASIS OF ACCOUNTING

These financial statements have been prepared in accordance with the Charities (Accounts and Reports) Regulations 1995, the Statement of Recommended Practice "Accounting by Charities" and under the historical cost convention. The following accounting policies have been applied consistently in dealing with items which are considered material to the financial statements.

BASIS OF CONSOLIDATION

The consolidated financial statements incorporate those of The Church of Jesus Christ of Latter-Day Saints (Welfare) and all of its subsidiary undertakings for the year. All financial statements are made up to 31 December 1997. The consolidation has been prepared using the acquisition method of accounting.

INCOMING RESOURCES

Cost of constructing new buildings on behalf of The Church of Jesus Christ of Latter-Day Saints (Great Britain) are recharged on completion of the project. Where projects remain in progress at the year end, the amount recharged represents the total construction costs incurred to date.

Income arising from the sale of religious, educational, administrative materials and film rental represents the invoiced value, net of Value Added Tax, of goods sold and services provided to members and non-members.

RESOURCES EXPENDED

Direct charitable expenditure comprises expenditure directly relating to the objects of the charity. Costs are either specifically identified or approinced on an appropriate basis between direct charitable expenditure and management and administration of the charity. Expenditure is recognised on an accruals basis.

TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided on all tangible fixed assets other than freehold land at rates calculated to write each asset down to its estimated residual value over its expected useful life, as follows:-

Farm houses	over 40 years
Farm buildings, improvements and drainage	over 5 to 20 years
Fixtures, fittings, tools and equipment	over 5 to 10 years
Plant and machinery	over 5 to 10 years
Motor vehicles	over 3 to 10 years

INTANGIBLE FIXED ASSETS

Milk Quotas

Milk quotas are stated at cost. Provision is made for any diminution in value.

Goodwil

Goodwill arising on acquisition representing the excess of the purchase price compared with the fair value of assets acquired is capitalised and written off over 10 years as in the opinion of the directors this represents the period over which the goodwill is effective.

STOCKS

Stocks are valued at the lower of cost and net realisable value. Net realisable value is based on estimated selling price less further costs expected to be incurred to completion and disposal. Provision is made for obsolete and slow-moving items.

LEASED ASSETS AND OBLIGATIONS

Where assets are financed by leasing agreements that give rights approximating to ownership ("finance leases"), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding lease commitments are shown as obligations to the lessor.

Lease payments are treated as consisting of capital and interest elements, and the interest is charged to the statement of financial activities in proportion to the remaining balance outstanding.

All other leases are "operating leases" and the annual rentals are charged to the statement of financial activities on a straight line basis over the lease term.

FOREIGN CURRENCY TRANSLATIONS

Assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date.

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the statement of financial activities.

DEFERRED TAXATION

Taxation deferred or accelerated by the effect of timing differences is accounted for on the liability method to the extent that it is probable that a liability will crystallise.

PENSION CONTRIBUTIONS

The costs of providing pensions for employees are charged to the statement of financial activities over the average working life of employees in accordance with the recommendations of qualified actuaries. Any funding surplus or deficit which may arise from time to time is amortised over the average working life of employees.

PARENT COMPANY DONATIONS AND CAPITAL CONTRIBUTIONS

Donations by one of the company's parent undertakings to fund certain aspects of the company's excess of expenditure over income are included within incoming resources in the year to which they relate.

Capital contributions by one of the company's parent undertakings to provide funding, are treated as an exceptional item in the statement of financial activities in the year in which they arise.

AREA AID INCOME.

Area aid income is recognised in the statement of financial activities when the underlying crops are sold. Setaside income is recognised on a receipts basis.

#### PENSION COMMITMENTS

20

The Church operates a pension plan based on final pensionable earnings. The assets of the Plan are held in a separate trustee administered fund. Contributions charged to the statement of financial activities account are calculated so as to spread the cost of pensions over the employees' working lives with the Church. The contributions are determined by a qualified actuary using the projected unit method.

The latest actuarial valuation of the Plan prior to 31 December 1997 was at 31 December 1995. The assumptions having the most significant effect on the valuation results were that investment returns would be 9% and that pensionable earnings increases would average 7.5% pa. The valuation showed that the market value of the Plan's assets was £6,581,000 and that the actuarial value of those assets represented 110% of the benefits that had accrued to members, after allowing for expected future increases in pensionable earnings.

The pensions charge for the period was £107,000 (1996 - £103,000), which included allowance for the amortisation of experience surpluses. These are being recognised over 12 years, the average remaining service lives of employees.
